Ruby on Rails 5.x

Do início ao fim!

 Comece adicionando a linha abaixo no controller admins_backoffice/admins_controller.rb

```
o def index
o @admins = Admin.all
o end
```

```
<h1>Listando Administradores</h1>
<div class="table-responsive">
<thead>
    #
      Email
      </thead>
```

```
<% @admins.each do |admin| %>
  \langle t.r \rangle
    <\td><\\= admin.id \%>
    <%= admin.email %>
    <button type="button" class="btn btn-primary btn-circle">
          <i class="fa fa-edit"></i>
       </but.ton>
       <button type="button" class="btn btn-danger btn-circle">
          <i class="fa fa-minus"></i>
       </button>
```
